All locations in Salt Lake Base and Meridian

EXPLANATORY

The applicant owns mining claims leased from the State of Utah on the East Fork of Beaver Dam Wash. The applicant plans to begin a mining operation on the claim to begin in Sec. 16, 40S, R19W, SLB&M in September 1989. The mining operation will take place approximately 1600 feet East and 300 feet South of the West 1/4 Cor., Sec. 16. The plant will consist of a closed circuit sodium cyanide system. No waste water will return to the drainage of Beaver Dam Wash. A sump hole will be excavated in the bed of the East Fork of Beaver Dam Wash

Appropriate

and a water pump will pump water approximaely 1500 feet south to the recovery plant. All permits required by the State concerning water pollution control and other requirements will be obtained before mining operations begin.

The applicant hereby acknowledges he/they are a citizen(s) of the United States or intends to become such a citizen.

The quantity of water sought to be appropriated is limited to that which can be beneficially used for the purpose herein described.

The undersigned hereby acknowledges that even though he/they may have been assisted in the preparation of the above-numbered application through the courtesy of the employees of the Division of Water Rights, all responsibility for the accuracy of the information contained therein, at the time of filing, rests with the applicant(s).
